

The DCIA wishes to thank Steve Kinion for his contributions to Delaware's captive industry over the past 13 years.

When Steve became Delaware's Captive Director in 2009, Delaware had 38 licensed captives. Today, Delaware has over 750 licensed captives.

During Steve's tenure as Captive Director, Delaware grew to become the 5th largest captive domicile in the world and the 3rd largest captive domicile in the United States.

Steve has been recognized by his industry peers as an advocate to the captive industry at both a local and a national level.

The DCIA wishes Steve all the best, and looks forward to continuing its close working relationship with the Delaware Bureau of Captive and Financial Insurance Products well into the future.
